1978 Cessna 172N Skyhawk II
AIRCRAFT SPECIFICATIONS
N-Number: N2102E S/N: 17271156

This super clean 172N belonged to the US Air Force Flying Club at Charleston. It's higher time airframe had benefited from great continuous maintenance and is now owned by a professional pilot. A recent fresh overhaul, it has only 180 hours SMOH on its H&H Triad overhaul. All original Cessna digital IFR radios with King DME and Garmin transponder. This an excellent first aircraft to train in.

Airframe: 10,800 Hours
Engine: 180 Hours SMOH
